ÖMER FARUK LALE

SUMMARY OF MY PROFILE

Hard-working college student with a passion for software. I am so eager to improve my software knowledge in real life projects with a team which has a strong communication. Currently I develop myself backend knowledge in web(ASP.Net) and mobile(Java with Android Studio) with Databases, AOP Architectures, Frameworks, Software Principles and Object Oriented Programming Technics. And also I have searchings about Artificial Intelligence. In this way, I think that my resume, my skills and my desire to learn new technologies are in line with your position description and your institution's point of view, and that I can add value to your institution. I appreciate your evaluation of my application, best regards…

PERSONAL INFORMATIONS

Name - Surname: Ömer Faruk LALE

Birthday : 24.07.2000

Place of Birth : Yozgat / TURKEY

EDUCATION

2018 – Currently	Eskişehir Osmangazi University Computer Engineering (3.23 / 4.00)
